Test Kits

ChromateCheck

8 Swab Pack

Features:

- ChromateCheck® Swabs are an instant field test for the detection of hexavalent chromium ions also called Chrome (VI) on any surface.
- When ChromateCheck Swabs come in contact with hexavalent chromium the Swab tip turns a pink/purple color.
- The intensity of the color development is directly related to hexavalent chromium content.
- Each kit contains 8 Swabs and instruction sheet with color guide

Wipes

Lead Dust Removal

Features:

- Heavy duty
- TSP (Trisodium Phosphate) pre-soaked
- Quickly remove harmful lead dust
- Meet all Federal, State, HUD, and EPA guidelines for cleaning and removing lead dust.
- Fresh scent
- 90 per container

Size	Mfg #	Part #	Price	UOM
8" x 12"	5498	102-4075	\$27.94	EA

Features:

- Towels are designed for pre-cleaning prior to removal or encasement of lead and for final clean-up following lead abatement.
- Each towel is ready-to-use and presoaked with a solution of Sentinel 805 Envirowash, a lead specific material that meets HUD Guidelines, & Maryland Procedures.
- Meet USEPA Title 40, Part 745 definitions and work practice standards for "wet disposable cleaning cloth" and "dry disposable cleaning cloths."
- Packed in sealed dispensing containers keeping each towel clean and ready to use while eliminating cross-contamination of lead dust.
- Contains 90 - 8" x 12" towels, ready for hand-wiping and cleaning up lead dust.

Respirators

Dust Mask, Disposable

Features:

- The 3M™ N100 Particulate Respirator is a highly efficient dust mask well suited for those who want NIOSH rated filtration efficiency in a maintenance-free respirator.
- Featuring the 3M Cool Flow™ Exhalation Valve, comfortable foam face seal, adjustable buckle straps and lightweight construction, this comfortable dust mask is an excellent choice for lead abatement, pharmaceutical manufacturing, welding, metal pouring and work involving OSHA substance specific particle exposures in concentrations up to 10X the OSHA PEL, excluding asbestos.
- Removes up to 99.7% of unwanted particles.
- Comfortable respirator with N100 rating filters particles larger than 0.3 microns.
- Individually packaged

Mfg #	Part #	Price	UOM
54143	180-1972	\$9.32	EA

Half Face, 6000 Series, Reusable Respirators & Accessories

Mask Only

Features:

- This half facepiece reusable respirator offers reliable and convenient respiratory protection and is suitable for many situations
- Helping provide protection against particulates and a wide variety of gases and vapors according to NIOSH approvals.
- Compatible and convenient respiratory protection
- Bayonet connection type
- Dual airline supplied air compatible

Poles

Aluminum

Features:

- The SLP™ pole has the spring loaded plunger built right into the pole.
- The aluminum spring loaded poles extend from 4' 9" to 12', just right to reach any standard ceiling.
- The poles can be placed 8 to 10 feet apart. If there is any significant air movement that pushes the plastic you will want to pull them in closer together.
- The GripDisk™ slide stoppers should always be used especially on hard surfaces.
- Contains 2 of each:
 - Aluminum spring loaded poles
 - GripDisk™ slide stoppers
 - Tethers

Mfg #	Part #	Price	UOM
SLP2 - Aluminum	181-3001	\$156.09	EA

Steel

Features:

- ZipPoles are made of rugged steel tubing.
- The poles extend from 51" to 10' 3".
- Poles should be placed every 8-foot to 10-foot or closer if there is a lot of air movement.
- Use a GripDisk under each pole to secure it on smooth flooring like vinyl or wood.
- Contains 2 of each:
 - 10-foot ZipPole steel, spring loaded poles
 - Heads
 - Plates
 - GripDisk™ slide stoppers
 - Tethers

HEPA Vacs

EnviroMaster Probe 10 HEPA BackVac

Vacuum 60% faster with the Enviromaster® Probe 10

Standard HEPA BackVac. Lightweight, compact and quiet, the Probe is designed for user comfort and is especially effective for maintaining carpeted areas in daily cleaning programs. Perfect for cleaning quickly and efficiently in hard to reach and limited access areas. Also converts to a blower.

Standard HEPA Quad Filtration made with a four layered filtration system to maximise full cleaning potention and has a minimum efficiency rating of 99.97% at 0.3 μ . Compact and lightweight, this backpack is designed for the operator's comfort. Ergonomically designed back rest with lumbar support reduces back fatigue especially over extended periods of operation. Vacuum carpeted and hard surfaces areas—under public seats, in restrooms, along corners, edges and tight spaces quickly and easily. Tool Kit & Belt Caddy and cord retainer make taking work with you a breeze. Caddy holds the included Dust Brush and Crevice Tool and Upholstery Tool. Also included are Aluminum Wand and 14" Floor Tool. See manufacturer for warranty details.

HEPA Vacs

HEPA MicroVac C82904-07

Dry only, three stage filtration system includes disposable collector bag, pre-filter and H.E.P.A. filter. H.E.P.A. filter is 99.97% efficient at 0.3 microns, tested in accordance with IEST-RP-C007 standards. The rugged, low profile design is easy to maneuver and the quiet yet powerful vacuum motor is rated at just 68 dBA, so this machine won't disturb building occupants. This vacuum features a polyethylene tank design, conveniently located on/off power switch and a patented self-sealing/quick-release intake mechanism. It is ideal for mold, lead or asbestos remediation. The Multi-Purpose MicroVac has a 4-gallon dry capacity and comes standard with a 1 1/4" x 8' hose, telescopic operator handle, crevice tool, dust brush, combo floor tools, and a package of 10 collector bags. See manufacturer for warranty details. Power Cable: 40'

HEPA Vacs

HEPA Vacuum C82906-AG

HEPA filtered vacuum used for the safe recovery of asbestos, lead, mold, Hexavalent chromium and other hazardous materials. Non-woven, embossed, polyester filter bag provides 50% more filtration area than standard bags. State-of-the-art polypropylene lid assembly is accoustically designed to minimize noise down to 72 dba. Polyethylene tanks are durable, non-corrosive and dent-proof for years of reliable service. Patented, self-sealing intake ensures a positive vacuum seal while still allowing the hose to swivel for maximum cleaning convenience. Sure-grip quick release mechanism makes it easy to connect and remove hoses. See manufacturer for warranty details.
